Creating a Robust Family Succession Plan that Embraces Governance, Tax & Compliance

3.00pm	Creating a Robust Family Succession Plan that Embraces Governance, Tax and Compliance

- How are Asian founders, patriarchs, matriarchs and their families dealing with the estate and family business succession?
- Are the private bankers and independent wealth management experts working efficiently with lawyers, trustees and other specialist advisors to help create and execute successful succession plans and structures that are also compliant with regulations and tax rules?
- What role does family and business governance play in these plans?
- How does the wealth advisory community deliver advice and structures across multiple jurisdictions?
- How closely involved should the second and third generations be in this estate and succession planning?
- Is enough being done to mitigate or avoid family disputes?
- What is the future for estate and legacy planning, structures and relevant jurisdictions?
