In the Post-Pandemic World, who will win the Battle of the Platforms?

- Can traditional Private Bank custody platforms survive?
- What's different? What's Your USP?
- How are platforms used to access investment products? Fees, costs and transparency?
- What is the User Experience?
- Functionality? Speed and efficiency?
- Investment coverage and market access?
- On boarding?
- What revenue can you capture?
- How is access to managed investments changing?
- End client review and analytics?
- Access to APPs and add-ons?
- Are clients looking for comprehensive service from a single service provider?
- Empowering distributors and Fund Houses with analytics, market insights, trends
- Regulatory data – what does that mean?
