

Wealth THINK 2016

8.40am Registration

9.00am Welcome Address

James Mirfin
Managing Director, North Asia
LSEG

9.05am Panel Discussion

Will Hong Kong continue to be the gateway to China's wealth?

- What's the role that Hong Kong will play in future access to China's wealth?
- How can we make the most of the China opportunity?
- Which business model is most likely to win out in the long run?
- Onshore versus offshoring – where's the biggest potential?
- Which client segments should you focus on to be profitable?
- Should foreign players compete or collaborate with onshore institutions?

10.10am

Presentation
EY's Global Wealth Management Survey 2016

Alexandre Viale
Senior Manager, Advisory Services
EY

- EY's wealth management practice surveyed more than 2,000 individual clients and 60 wealth management senior executives globally to demystify client experience and uncover potential revenue opportunities for wealth managers
- There is approximately USD120 trillion of client assets managed by global wealth managers, and 4 out of 10 clients are open to switching wealth managers under the right circumstances
- This represents a USD175 billion to USD200 billion global revenue opportunity for those firms willing to make strategic investments to deliver a superior client experience, while others may find themselves at risk of losing a substantial portion of their current business

10.25am

Refreshment & Networking

10.55am

Panel Discussion

Will private banking in Asia thrive or wither?

- How is the competitive landscape evolving?
- International versus local banks – who is best-placed over the next decade?
- What scale is required to succeed in today's environment?
- Can Hong Kong become a more important global private wealth hub?
- What should the regulators do to facilitate the further development of the industry?
- How should private banks adapt to thrive?

- Platform approval process
- Why retail distribution in Asia has become more difficult

12.00pm

Presentation
The changing landscape of overseas real estate: the China factor

Piers Brunner
Chief Executive Officer, Greater China
Knight Frank

- Where are Chinese individual investors most active in property markets around the world contributing to price hikes?
- What are the main reasons they buy property overseas? And how does that compare to other foreign investors?
- How about the super-rich? What kind of properties are they interested in?
- What has been the main driver for the outflow of wealth?
- What is the impact of the buying spree by Chinese individuals on market dynamics in markets, including gateways?

12.15pm

Panel Discussion

Asset management - getting access to the China opportunity

- What opportunity does China represent to foreign asset managers?
- What is the most relevant product set to provide diversification and offshore opportunities for Chinese investors looking overseas?
- How is the distribution model likely to change over the next 10 years?
- What are the remaining regulatory hurdles to doing business across borders? How are you addressing them?
- Many asset management companies find it difficult to get long-term partnerships in China that work. How do you tackle this?

- In reality – how will digital effect your business?
